

Forest Hills Colorguard

Come join our team!!

What is Colorguard?

Colorguard is a fun activity that involves dancing, spinning flags & performing for thousands of people. We welcome all students to join our team- No experience needed. The choreography is written to music that the Forest Hills Marching Band performs. We work as a team throughout the Summer & Fall months to perform at home football games & competitions. We also travel around the country to perform in large parades.

What does it mean to be a part of The Forest Hills Colorguard?

Colorguard is an extremely exciting & rewarding program for Turpin & Anderson students to be a part of. Not only does it provide a fun, social environment, but it also teaches teamwork & commitment. The guard program a high level of excellence and is ranked among the top programs in the state. There is an optional Winter season for those who wish to participate in colorguard activities year round.

Participating in the colorguard earns students an additional credit and grade on their report card during first quarter! It functions as an after school class and will not fill one of their 7 periods during the school day.

Why join Forest Hills Colorguard?

The Forest Hills Colorguard program is special group. It teaches students how to work in a team, have a bond with friends and participate in many unforgettable performance experiences. We push them to work together and discover their excellence. It's not just about spinning a flag, but teaching these students to be expressive and creative. We also foster social activities, team building and friendships that last a lifetime. Join our Team!!

**Additional information &
